

LETTER OF UNDERSTANDING

for members of the

Shuswap Trails Roundtable

Appendix 8 of the Shuswap Regional Trails Strategy as at 2 October 2015

BACKGROUND

Since 2001, a series of planning initiatives and community projects in the Shuswap have provided a strategic thread for a regional trail strategy to build upon. The concept for this strategy was championed by Secwepemc Nation (as described below), Shuswap Trail Alliance, Recreation Sites and Trails BC (part of BC Ministry of Forests, Lands and Natural Resource Operations), Shuswap Tourism and Columbia Shuswap Regional District Parks in 2010; however an expanded steering committee with broader representation has been developing this strategy since fall 2014. The purpose of the strategy is to protect, enhance and recognize trails as an integral part of the Shuswap lifestyle, culture and economy; going forward, the strategy will be implemented by the Shuswap Trails Roundtable.

PURPOSE

This Letter of Understanding outlines the role, composition, and principles of the Shuswap Trails Roundtable (STR).

ROLE AND EXPECTATIONS

The role of the Shuswap Trails Roundtable is to implement the Shuswap Regional Trails Strategy, as follows:

- To set direction and provide course correction, as needed
 - in collaboration with the 'Working Group' who have an operational mandate
- To communicate (two ways) with their respective organization and across all orders of government
- To communicate, share information, and learn from one another
- To access or leverage funds to enable sufficient resources for implementation
- To resolve disputes, as needed

The expectation is that any order of government or organization that is part of the roundtable will work to fulfill the roles.

The STR provides a forum for collaboration, communication, and forms an agreement to work together; however it is recognized that it is non-regulatory and has no authority for decision-making regarding land use, permitting or authorizations.

The Shuswap Regional Trails Strategy is the guiding document for the STR.
